What festivals are saying...

Solarislive has been a wonderful program to use. The service was straight-forward to setup and the customizing was quick. The clincher in using it was how wonderful the support has been. I can't say enough.

Thank you Solarislive! You are helping our festival look professional and work efficiently.

~ Debbie Goldstein, President
Crowsnest Pass Music Festival

The Rotary Burlington Music Festival began using the Solarislive Event Manager in 2014.

The Solarislive Event Manager enables the planning and implementation of the RBMF website, syllabus, registration and scheduling to proceed efficiently and smoothly. The steps involved in setting up our Festival using Solarislive were easy to follow and the reports were great tools to help ensure a successful festival. The Solarislive support team answered all of our questions in a timely, helpful manner. We found them open to discussing any suggestions we made. The Rotary Burlington Music Festival looks forward to a long, successful relationship with Solarislive Event Manager.
